Business Offer

Strategic analysis and practical assistance for investment in Italy

BRICs Consulting offers strategic analysis and practical assistance to our clients throughout all the steps needed to internationalise their business, from investment planning to implementation, from business creation to intercultural harmonization. Our unique strength lies on the high added-value we bring to our clients thanks to the specialized expertise and professionalism we have in legal matters, in addition to in-depth understanding of business culture, mentality and behavior characteristics of Italian entrepreneurs as well as those in Chinese circumstances.
