

BILATERAL MEETINGS

Tuesday (09:00 am - 01:30 pm)

DESCRIPTION

ADAMAS CAVIAR

ADAMAS is the exclusive Italian caviar which represents excellence in the caviar farming 100% made in Italy. ADAMAS caviar is a jewel for the gourmet, pure and precious as a diamond.

ADAMAS caviar is produced in the farm located in Pandino, Cremona province, within the Natural Park of the Tormo river, one of the few still pristine rivers of Lombardia. The Tormo river takes its waters from a wide numbers of flatland springs, so waters are constantly fresh, crystal clear and pure in which sturgeons, accurately selected, are raised with ogm free fodder.

All of the above to finally get to the production of a type of caviar made by the best international masters salters, using the ancient and traditional “Malossol” (from Russian : little salt) method, which guarantees the best and most valuable quality. It is a situation where is possible to control the entire process, in total respect of the environment, including the usage of clean PV power and carefully selected raw materials.
